

## When Selecting a Book, Use the **5**inger Rule

1. Read a page in the book and put up one finger for each word you do not know and cannot figure out.
2. If you find 5 unknown words, you should choose another book.
3. If you make less than 5 errors, keep reading for 5 pages.
4. Did the book spark your interest? Decide to keep the book or put it back and choose another.
