

Sexual Assault and Domestic Violence Crisis Training Certification

Do you have an interest in helping victims of domestic violence and sexual assault in Kern County? The Alliance Against Family Violence and Sexual Assault, Kern County's only Rape Crisis Center, is offering two 40-hour certification training sessions in both domestic violence and sexual assault in 2011. Our goal is to train advocates or those who want to help victims in our community.

Our training fulfills California State requirements outlined by the Office of Criminal Justice Planning (OCJP) and Evidence Code 1037.1. Your Certificate of Completion will meet the requirements for individuals who work for domestic violence organizations and victims.

For more information contact Ignacio Valdez or Sueraine Valderrama at the Alliance Outreach office at 661-322-0931 or email questions to ivaldez@aafvsa.org.
