

Bees in the Beehive

Materials:

Cut out of a beehive, laminated.

Cut outs of bees.

Clothes pins

Number cards, laminated

Directions:

Paste the bees onto the clothespins and distribute a small amount to each child. Choose a number appropriate for the child's mathematic level to place in the center of the beehive. A child then is asked to place the corresponding number of bees onto the beehive using the clothes pins. Have children count out loud as they place each bee on the beehive.
