- **Special Report** News uncovers 225 more cases of school bus abuse
- **The City Education Department hid 225 complaints of abuse aboard public school buses to keep the numbers down, a Daily News investigation found.**

## SCHOOL BUS SAFETY

- **Rethinking School Bus Safety**
- **Last winter the FBI and the Department of Homeland Security sent a memo to law enforcement agencies alerting them that foreign nationals with ties to extremist groups had bought buses and acquired the commercial licenses required to drive them. Individuals are thought to be involved in a terrorist plot against the homeland."**

## SCHOOL BUS SAFETY

- **The message created some confusion among those entrusted with keeping schools and buses secure, but it also illustrated a new reality for K12 school districts nationwide**

## SCHOOL BUS SURVIVAL

- **GOOD NEWS DOES NOT MAKE FOR "GOOD NEWS"**
- **The survival of our industry depends on our ability as industry leaders to return the yellow school bus back to its proper place as an integral part of the American fabric and its once held status of pride in our communities and as a symbol of safety within our society.**

## **SCHOOL BUS SURVIVAL**

- *Our service must regain the trust of the communities we serve. We must instill a sense of integrity, professionalism and pride within our own organizations. Participating in community activities and promoting the service within the communities will create a sense of pride amongst Parents, Children, School Personnel, Community Leaders and our own District Leadership.*
