Season's Greetings to All

On behalf of the CREEC Network staff,
we wish you a happy and healthy holiday season.

All year, the CREEC Network Coordinators work diligently to connect California's educators to the best environmental education resources and programs throughout the state. Thank you for giving us the opportunity to provide this service to you. We look forward to continuing our efforts in 2010 to help all students become environmentally literate. There is still much work to do.

During the holidays, we hope you get out and enjoy the beauty of nature in your area. California has such an amazing landscape. So whether you go skiing, surfing, hiking, kayaking, birding, or whether you just sit and enjoy what the day brings, we wish you much joy.

Merry Christmas and Happy New Year,

**Celeste Royer, Director
