

March 31, 2006

TO: School District Administrators
FROM: Division of Administration and Finance
SUBJECT: Indirect Cost Rates for 2006-07 Programs

The California State Department of Education has provided a list of the approved indirect cost rates for school districts in Kern County to be used on 2006-07 programs.

Districts not filing a J-380 under the biennial filing option have been assigned an indirect cost rate that is 95 percent of their approved prior year rate.

Please note the approved rate for your district on the attached list. Also note the indirect cost rates for the past four years for comparison purposes.
