

Gann Limit Calculation – Due September 15, 20XX
Gann Limit Board Resolution - Due September 30, 20XX

The Gann Limit calculation (Form GANN, Appropriations Limit Calculations) is now part of the SACS Financial Reporting Software. This is a new required form in SACS. In the past, it was an Excel spreadsheet. This form should be used by all school districts and must be completed to officially export the unaudited actuals data. To complete Form GANN, budget data must be imported into the SACS software and included with the unaudited actuals submission. Please include this document with your unaudited actuals submission to this office.

Per Education Code Section 42132, a resolution still must be adopted by your board which must establish a revised Gann Limit for the 2004-05 fiscal year and a projected Gann Limit for the 2005-06 fiscal year.

The Gann Limit instructions are in the SACS instruction manual which was downloaded with the SACS software.

The Gann Limit is due to the county office of education with your unaudited actuals on September 15, 20XX. Your board must approve the 20XX Gann Limit Resolution prior to September 30, 20XX.

Please submit the following documents to Business Advisory Services by the following dates:

- Form GANN (with your unaudited actuals) by September 15, 20XX.
- Approved Board Resolution by September 30, 20XX.

If you have any questions, please do not hesitate to contact Business Advisory Services.
