MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is made and entered into this 2nd day of October, 2006, by and between the California Department of Education (hereinafter referred to as “the CDE”), and (name of charter school or contracting entity) (hereinafter referred to as “the School”). Hereinafter, the CDE and the School shall be collectively referred to as “the parties.”

PURPOSE OF MEMORANDUM OF UNDERSTANDING

The State of California enacted the Charter Schools Act of 1992 (hereinafter “The Act”) authorizing the creation of charter schools with the intent that the schools improve student learning through a variety of means, including increased learning opportunities, innovative teaching methods, expanded choice for parents, and performance-based accountability.

The Act allows the State Board of Education (SBE) to authorize charter schools under specified circumstances. The SBE has authorized this charter pursuant to the Act, and by doing so, becomes the authorizing agency of the School. The SBE has delegated to the State Superintendent of Public Instruction (SSPI), as director of the California Department of Education (CDE), its obligations to oversee the School under the terms of this MOU, the provisions of the School’s charter, and applicable laws and regulations. The SSPI has, in turn, delegated this responsibility to the Director of the Charter Schools Division of CDE.

The fundamental interest of the SBE is – on a continuing basis – to be reasonably assured that the School is:

- Implementing the provisions of the charter as approved.
- Obeying all requirements of federal, state, and local law that apply to the School.
- Being operated prudently in all respects.
- Providing a sound education for all of its students.

The CDE will report periodically to the SBE regarding its delegated oversight of this School.

The SBE recognizes that there are many matters related to the operation of this School, and to the effective oversight of the School that go beyond the provisions included in the School’s charter. The SBE also acknowledges that the day-to-day operation of the charter is appropriately carried out by the faculty and staff of the School. This MOU is intended to address those matters that have not been covered in the charter and to provide guidance on the oversight policies and procedures of the SBE, as carried out by the CDE or its charter oversight contractor. Further, this MOU is intended to outline the parties’ agreements

governing their respective fiscal and administrative responsibilities and their legal relationships.

TERM OF MEMORANDUM OF UNDERSTANDING

This MOU shall commence on the date upon which it is fully executed by all parties and shall cover the term of the charter: **three (3) fiscal years** commencing July 1, 2005, and ending on June 30, 2008. This MOU between the CDE and the School is inclusive of Attachments A - F. This MOU is subject to termination during the term or during any subsequent renewal as specified by law or as otherwise set forth in this MOU.

Any modification of this MOU must be in writing and executed by duly authorized representatives of both parties indicating an intent to modify this MOU.

1. The duly authorized representatives of the School are the governing board president and CEO/Director of the School or designee.
2. The duly authorized representative of the CDE is the Director of the Charter Schools Division or his/her designee. For purposes of material amendments to the charter, such amendments shall take effect only if approved by the charter governing board and by the SBE.

This MOU is for the term of the charter and shall be reviewed at least annually. Revisions to the MOU proposed to take effect in a forthcoming fiscal year will be submitted by February 1 annually, or as may otherwise be initiated or requested by the School or by CDE. In the case of mid-year changes in laws, or policies or conditions of operation by the SBE, the CDE reserves the right to request mid-year modifications to this MOU. Such modifications, if agreed upon, will be included as addendums to the MOU. Failure to reach agreement on required changes in the MOU may result in termination of the MOU. The approved MOU (including any addendums) will continue unless modified and mutually agreed to in writing. This MOU will automatically expire upon the expiration or revocation of the charter and/or the renewal of the charter at the local school district level.

TERM OF CHARTER

The School is a public school that is or shall be operating pursuant to the charter, and the charter is incorporated by reference as if fully set forth herein, including periodic revisions as may be appropriately approved, and collectively referred to hereinafter as "Charter." The Charter was granted with conditions of opening and operation by the State Board of Education (SBE), on November 9, 2004.

The School shall be known as **(name of charter school or contracting entity)**, located at **(address of charter school or contracting entity)**. The School will serve grades K through 8 and will have an approximate enrollment of 562

students in its first year of operation, growing to an approximate enrollment of approximately 720 students by the third year of operation. The School shall be responsible for all the functions of a charter school subject to the terms and conditions set forth in this MOU. The School will commence each year of operation between July 1 and September 30, subject to conditions specified by the SBE and reflected in this MOU

As noted above, the School has a charter with a three-year term that expires on June 30, 2008. To the extent that any of the terms of this MOU vary from the terms of the original charter, the terms of this MOU will prevail and augment earlier provisions of the charter. Future review and extension of the charter shall be based on compliance with the terms set forth in this MOU, the charter, requirements of the *Education Code (EC)*, and any and all supporting regulations. The CDE shall review all materials submitted in accordance with SBE policy and this MOU as well as review the continued fiscal viability of the charter and its conformance with any annual audit issues. Review of the charter shall also be in accordance with state law, and as further described under Section 4.3 of this MOU. The SBE reserves the right to approve amendments to the charter and/or revoke the charter as specified in *EC* section 47607. The School may seek renewal of its current charter prior to the end of its initial three-year term of operation in accordance with *EC* Sections 47605(k)(3) and 47607. The School may seek early renewal of any subsequent five-year terms of the charter only after successfully operating for no less than three school years of that five-year term in accordance with Section 4.4 of the MOU.

SECTION 1: GOVERNANCE AND ORGANIZATIONAL MANAGEMENT

The School will be operated as or by a nonprofit public benefit corporation, formed and organized pursuant to the Nonprofit Public Benefit Corporation Law (Part 2 (beginning with Section 5110 of Division 2 of Title 1) of the *Corporations Code*). The School is a separate legal entity and neither the SBE nor the CDE are liable for the debts and obligations of the School. The SBE reserves the right to appoint a representative to the board of directors of the corporation in accordance with *EC* Section 47604. The School will use all revenue received from the state and federal sources only for the educational services specified in the charter and this MOU for the students enrolled and attending the School.

Zoning and Occupancy: Should the School relocate at some future time with the CDE's consent, at least 30 days prior to the School's opening, the School will present evidence to the CDE that the facility is located in an area properly zoned for operation of a school and that the facility has been cleared for student occupancy by all appropriate local authorities. For good cause, the Executive Director of the SBE may reduce this requirement to fewer than 30 days. The facility must meet all applicable health and fire code requirements and zoning laws. The School will furnish the CDE with all local approvals (*EC* Section 47610(d)) including applicable fire marshal clearances, certificates of occupancy, signed building permit inspections and approved zoning variances. The School may not exempt itself from applicable local zoning or building code ordinances.

Prior to occupying a new or different facility, the CDE will conduct a site review of the School's proposed new or different facility to determine that the proposed facilities are clean, safe, American Disabilities Act (ADA) compliant, and have the necessary local approvals to operate. The School may not operate in the facility until the CDE has granted approval to do so. (Section 4.3 of the MOU describes the pre-opening site visit process and requirements)

If the School seeks facilities from the district in which it intends to locate under Proposition 39, it will follow applicable statute and regulations regarding submission of such a request to a district. The CDE will use the process described above for approving any facilities agreed to by a district.

School Accountability Report Card (SARC): On or before April 30 of each year, the School will post its SARC on the CDE SARC Web site. The School may, but is not required to, use the template developed by the CDE and available at <http://www.cde.ca.gov/ta/ac/sa> as a guide. SECTION 2: EDUCATIONAL PERFORMANCE

2.1 Educational Program

The School will submit (and update as necessary) the following:

- Scope and sequence for all subjects to be offered by the School.
- The complete educational program for students to be served in the first year including, but not limited to: (1) a description of the curriculum and identification of the basic instructional materials to be used, (2) plans for professional development of instructional personnel to deliver the curriculum and use the instructional materials, (3) identification of specific assessments that will be used in addition to the results of the Standardized Testing and Reporting (STAR) program in evaluation of student progress.

- Annual calendar for the School year that includes the number of instructional days (must provide a minimum of 175 days), annual instructional minutes offered, and the number of professional development days.
- Daily bell schedule for site-based programs.
- Sample student contracts, description of frequency of contact with teachers, pupil/teacher ratios, and description of how student work will be evaluated for time value for nonclassroom-based programs or for incidental use of independent study contracts for students absent for part of the school year.

2.2 Student Achievement Plan

The School will not be required to submit a Student Achievement Plan if it has met its API growth targets and AYP, both school wide and by significant subgroups each year.

If the School fails to meet API and/or AYP targets schoolwide or by numerically significant subgroups, it will be required to submit a Student Achievement Plan (Plan) to the CDE according to the following dates:

- October 1 - draft Student Achievement Plan due.
- December 1 - final Student Achievement Plan due.

If the School is seeking renewal of a charter and has not met API and/or AYP in the prior year, it will submit a draft Student Achievement Plan for the future concurrent with the charter renewal request. CDE staff will assist the School to finalize the draft Student Achievement Plan prior to the renewal request submission to the Advisory Commission on Charter Schools (ACCS) and the SBE.

The School will implement its final Student Achievement Plan that sets forth the School's specific goals, how progress towards and achievement of each goal will be measured, and plans for addressing areas identified as needing improvement. The Student Achievement Plan will build upon the assessment measures, educational goals, and student outcomes described in the charter petition, but will not provide for less stringent assessment measures, educational goals, and student outcomes than those described in the charter petition. If the final Student Achievement Plan is less stringent than the charter, this will be considered a material amendment to the charter and will be subject to SBE review and approval. The specific requirements of the Student Achievement Plan are described in the Student Achievement Plan Guidelines (Attachment A).

2.3 Annual Update

By the end of September each year, the School will submit an annual update to the CDE for the prior year that examines the following:

- STAR results both in aggregate and disaggregated form, by numerically significant subgroups.
- Progress made toward meeting API and AYP targets.
- Progress made toward each of the educational goals and student outcomes identified in the charter.
- Results of any additional internal assessments used by the School.
- Plans to address areas identified as needing improvement by the School.
- Evidence that the School is financially sound.

If the School has been required to submit a Student Achievement Plan, the School's Annual Update must also address the following elements:

- Progress made in areas identified where progress falls short of meeting outcomes identified in the Student Achievement Plan.
- Professional development provided to further progress on goals described in the Achievement Plan.
- Progress made on the implementation of changes to curriculum and instructional strategies identified in the Achievement Plan.
- Evidence that the School is systemically examining student data and using it to drive decisions regarding curriculum and instruction.

The School may choose to submit its own existing annual performance report (if it has one) in lieu of the Annual Update, provided the report addresses the elements required above. The Annual Update (in conjunction with the Student Achievement Plan, if applicable) will be used as a central area of focus for site visits. The School will provide specific evidence that the results, as shown in the annual update, are targeting improvement in student achievement, and that the School is financially sound.

2.4 Special Education

The School will submit written verification from a SELPA that the School is (or will be at the time students are being served) either:

- (1) participating in a SELPA as an LEA, or
- (2) has an MOU between a SELPA, an LEA that is a member of the SELPA, and the School that describes the roles and responsibilities of each party and that explicitly states that the SELPA and the LEA consider the School's students to be students of the LEA for purposes of special education programs and services (which is the equivalent of participation in the SELPA). If applicable, the School will provide the CDE with a copy of the signed MOU with the LEA.

2.5 Independent Study

To the extent that the School provides instruction through independent study, it will meet all requirements of law applicable to independent study, including the

use of individual student contracts describing the frequency of contact, student/teacher ratios, and evaluation of student work for time value.

The School was authorized by the SBE as a classroom-based program. Therefore, the School must provide a classroom-based instructional program such that at least 80 percent of the instructional time offered by the School is at the school site and the School requires the attendance of all students for at least 80 percent of the minimum instructional time offered. If the School provides nonclassroom-based instruction on an incidental basis (not to exceed 20 percent of the instructional time), it must adhere to all requirements under *EC, Part 28, Chapter 5, Article 5.5* (commencing with Section 51745) regarding independent study. Any request of the School to operate a nonclassroom-based program will require a material revision to the charter.

SECTION 3: FISCAL OPERATIONS

3.1 Funding

The School will be direct-funded in accordance with *EC* Section 47630 et seq., and, if a statewide benefit charter, with *California Code of Regulations (CCR)*, Title 5, Section 11967.8. The School's general purpose entitlement will be calculated in accordance with *EC* Section 47633 et. seq. The parties recognize the authority of the School to pursue additional sources of funding.

3.2 Fiscal Agent

The School is responsible for identifying a county office of education for purposes of establishing the appropriate funds or accounts in the county treasury for the School and for making the necessary arrangements for the School's participation in the State Teachers' Retirement System, the Public Employees Retirement System, and federal social security. The School will provide the CDE with documentation that it has entered into an agreement with a specific county office of education to provide these services.

3.3 Student Attendance Accounting and Reporting

No later than July 1, the School (if new) will submit proposed attendance accounting procedures for approval by the CDE. The School must use commercially available attendance accounting software (such as Power School, SASI, etc.). School created spreadsheets on Excel or other database programs will not be accepted. For the 2006-07 fiscal year, the School will submit enrollment and attendance data as required to receive apportionment of funding according to the following schedule (note that due dates for the subsequent fiscal year will be provided to the School once known):

- First 20 Days Attendance (new schools) by **October 2006**.
- First Principal Apportionment (attendance for all full school months between July 1 and December 31) by **January 8, 2007**.

- Second Principal Apportionment (attendance for all full school months between July 1 and April 15) by **May 8, 2007**.
- Annual Apportionment (attendance for entire school year) by **July 6, 2007**.

In addition to submission of the electronic data files, the School must submit hard copies of all back-up attendance documents, e.g., monthly summary reports that support the reported average daily attendance (ADA), weekly attendance sheets signed and dated by teachers, and evidence of contact made with parents when students are absent from School, e.g., parent contact log, absence log, etc. CDE staff will review and **certify** the accuracy of attendance data submitted by the School only when all documentation has been submitted and is accurate. *Attendance data submitted without the requisite detail will not be processed and may result in a delay of funding to the School. The School is responsible to assure that all reports are accurate and timely in order to receive regular and timely apportionment payments.*

3.4 Revenue and Expenditure Reporting

The School is required by *EC* Section 47604.33 to submit periodic reports of revenues, expenditures, and reserves. For the 2006-07 fiscal year, in order to meet statutory timelines for revenue and expenditure reporting, the School must submit reports to the Charter Schools Division for review according to the following schedule (note that specific due dates for the subsequent fiscal year will be provided to the School once known):

- Preliminary budget on or before **July 1, 2006**.
- First Interim Report (expenditures through October 31) on or before **December 15, 2006**.
- Second Interim Report (expenditures through January 31) on or before **March 15, 2007**.
- Unaudited Actuals Report for the prior fiscal year on or before **September 15, 2007**.

Any significant changes in the budget or interim reports from one reporting period to the next period must be explained in writing. Explanations and budget assumptions must accompany the reports. The School is expected to maintain reserves at least equivalent to those required of a School district with approximately the same number of students, or no less than three percent (see *CCR, Title 5, Section 15443*).

3.5 Annual Audit

In accordance with *EC* Section 47605(m), by December 15 of each year, the School will submit an annual independent financial audit to the State Controller's Office, the CDE, and the county office of education of the county in which the School is located. In order for the School to receive a favorable recommendation for renewal, each annual audit must be free of findings and exceptions, or corrective action plans must have been implemented in a timely manner, such

that there are no findings or deficiencies identified in the following year. The audit will be conducted by an auditor from the list approved by the State Controller's Office. This list of auditors is available at:

<http://www.sco.ca.gov/cpads/main/default.aspx>.

In addition to the School's financial statements, the audit will include as applicable but is not limited to:

- Contemporaneous records of attendance
- Nonclassroom-based instruction/independent study
- Additional nonclassroom-based instruction
- Determination of funding for nonclassroom-based instruction
- Annual instructional minutes – classroom based

The complete Audit Guide is available at

<http://www.eaap.ca.gov/NewWebSite0804/AuditGuide.htm>.

3.6 Oversight Fees

The School will be charged an oversight fee not to exceed one percent of the general purpose and categorical block grant revenue received by the School in accordance with *EC* Section 47613 and used to offset consultant and administrative costs required for comprehensive oversight, which includes but is not limited to the following categories:

- Curriculum and instruction
- Assessment and accountability
- School fiscal review
- Site visitations
- Renewal evaluations
- Attendance accounting certification

The oversight fee will be based on the general purpose entitlement and categorical block grant funding provided to the School at the First Principal Apportionment (P-1). The School will receive an invoice in April of each year for 95 percent of the oversight fee, which is due and payable to CDE within 30 days of receipt. Based on the Second Principal Apportionment (P-2), the school's total fee will be adjusted and the school will either receive an invoice for the increase in fees or a refund if total revenues have gone down.

3.7 State Teachers Retirement System (STRS)/Public Employees Retirement System (PERS) Reporting

If the School offers employees of the School the opportunity to participate in STRS or PERS, the School will be responsible for entering into a contract with STRS and/or PERS and a county office of education for reporting purposes. Such arrangements must be made prior to the hiring of any employee. Written

notification that these arrangements have been made will be provided to the CDE prior to the hiring of employees.

SECTION 4: FULFILLING CHARTER TERMS

4.1 Material Amendments to Charter

Changes to the charter deemed to be material amendments may not be made without SBE consideration and approval. Amendments to the charter considered to be material changes include, but are not limited to, the following:

- Substantial changes to the educational program (including the addition or deletion of an educational program), mission, or vision
- Changing to (or adding) a nonclassroom-based program, if originally approved as a classroom-based program
- Proposed changes in enrollment that differ by more than 25 percent +/- of the enrollment originally projected in the charter petition.
- Addition or deletion of grades or grade levels to be served
- Location of facilities and/or new sites
- Admissions preferences
- Governance structure

4.2 State Assessments

The School agrees to comply with and adhere to the state requirements for participation and administration of all state mandated tests. The state tests required to be administered are:

- California Standards Tests
- CAT/6
- Aprenda 3
- Physical Fitness Test
- California English Language Development Test

4.3 Site Visits

The CDE will conduct at least one site visit each fiscal year as follows:

Pre-opening Visit (see Attachment B)

The CDE will visit the School facility for an inspection and review prior to the time the School is scheduled to open or prior to the School moving to a new facility. The pre-opening review will take place no later than 30 days prior to the anticipated school start date. The pre-opening checklist is included as Attachment B. The School may not commence operations in a new facility without written authorization from the CDE. (Attachment B is not applicable to the School in the 2006-07 fiscal year, since the School is currently operating in an approved facility.)

On or before August 1 of the year in which the School is first scheduled to begin instruction, (or, if the School is scheduled to provide instruction prior to that date, by such date as required by the CDE), and on an annual basis, the School will provide to the CDE each item of documentation required by Attachment C, the Document Review Checklist, or for items not completed, an agreed upon date by which the item will be completed.

Periodic Site Visits (see Attachment D)

The CDE will conduct at least one site visit annually in order to assess the School's progress in governance and organizational management, educational performance, fiscal operations, and fulfillment of the terms of the charter. The primary focus of the visits will be on teaching and learning and the Student Achievement Plan (described under Section 2: Educational Performance). Attachment D, the SBE Approved Charter School Evaluation Form, and Attachment C, the Document Review Checklist, describe the evidence and documentation that will be reviewed and evaluated each year.

The site visit may include review of the facility, review of records maintained by the School, interviews with the director of the School, staff, and clients, and observation of instruction in the classroom. The evaluations for each year will constitute the basis upon which a renewal decision will be made at the end of the term of the charter. Any deficiencies will be reviewed with the School administration.

The CDE reserves the right to make unannounced visits to the School.

4.4 Renewals

The School may seek renewal of its current charter prior to expiration of the initial three-year term of operation, as well as any subsequent renewals of five-year terms, in accordance with *EC* Sections 47605(k)(3) and 47607. The School will submit its renewal petition for the next charter term along with a copy of the most recent Annual Update and Student Achievement Plan (if applicable) to the SBE, with a copy to the CDE, no later than October 15 of the year in which the School would cease operations without renewal.

The School may seek early renewal of any five-year terms of the charter if it meets all of the following conditions:

- Has been in existence for at least three years, or has completed three years of a subsequent term of renewal.
- Has similar schools API rankings of 8 or above in all three years
- Has met AYP criteria school wide and by significant subgroups in all three years
- Has submitted accurate and timely budgets, interim fiscal reports, and student attendance data to CDE

- Independent financial audits for all three years have been free of any significant or unresolved audit exceptions/deficiencies
- Has received no health and safety code violations from local authorities
- Has demonstrated that a majority of parents, students, and staff are satisfied with the performance of the School.

The CDE will review the charter petition, academic and financial performance, audit reports, annual visitation reports, and conduct a renewal site visit prior to scheduling the renewal request for consideration by the ACCS and the SBE. The charter petition must be revised in accordance with current statutes and regulations.

Further information regarding the criteria used for site visit reviews is described under Subsection 4.2 Site Visits.

4.5 Notice to Cure and Revocation

The SBE retains the right to revoke the charter as set forth in *EC* Sections 47604.5 or 47607 for specified reasons with written notice that shall specify CDE concerns and issues of non-compliance. Prior to instituting revocation proceedings, the CDE will provide for a system of progressive notices that correction of a problem by the School needs to occur with specified time lines. The progression of notification of corrective action is as follows:

- Direct contact with the School specifying the concerns, followed by Letter #1.
- Letter #2 – Restatement of concerns if there has been little or no response by the School to the first letter, and a request for a response from the School informing the CDE about steps the School is taking to address the concern; the SBE will be apprised informally of situation. The CDE may conduct a site visit.
- Letter #3 (Notice of Concern) - Restatement of concerns and direction to the School to take corrective action by a specified date; the SBE will be formally apprised.
- Letter #4 (Notice to Cure or Face Revocation) - Letter identifying history of failure to correct or address the concerns and directing the School to take specific enumerated actions or submit documentation by a specified date. Failure to do so will result in the institution of revocation proceedings.
- Revocation - Schedule an agenda item for the SBE to hold a public hearing and consider revocation of the charter.

The exception to the above process is under circumstances where the CDE determines there is an immediate threat to the health and safety of students and/or staff of the School. An immediate action may be taken to assure the safety and well being of the students, staff, and community, as deemed appropriate by the CDE, including but not limited to closure of the school. The SBE will be apprised of the situation immediately before action is taken.

During the period prior to revocation, the School shall have the opportunity to work collaboratively with the CDE or its designee to address the concerns and develop a plan to remediate all areas to the satisfaction of the CDE and SBE. During this period of time the School shall attempt to resolve the concerns and complete remediation. This provision may also require a charter amendment to be discussed.

4.6 Closure Procedures

The School will provide a description of the procedures to be used in the event the School closes (see Attachment E). The categories that must be addressed in such procedures are each of the following:

- Identification of a responsible person(s) – e.g. Director, Financial Officer, President of the School governing board to oversee and conduct the closure process. This provision shall include a process to ensure that it is updated no less than annually or when any change is made.
- Notification of students and families of school closure.
- Security of student and business records.
- Processing of final employee payroll and benefits.
- Identification of all assets and liabilities and plan for transfer as detailed in the charter.
- Final close-out audit to be paid for by the charter school.
- Identification of a source of funding to be used for closeout expenses, including the final audit.
- Dissolution of the School and/or nonprofit corporation.

Further descriptions of each category and a closure procedures checklist are included as Attachment E.

If the School is to close permanently for any reason (i.e., voluntary surrender, non-renewal, or revocation), the CDE will serve written notice on the School that the closure procedures described in Attachment E have been invoked. The School will immediately identify to the CDE the specific individual who is responsible for coordinating the School's close-out activities. CDE will identify a CSD staff person who will work with the School to accomplish all close-out activities.

The School expressly acknowledges the right of the CDE, on behalf of the SSPI (pursuant to *EC* Section 47604.3), to take immediate and direct control of all the School's student and business records at any time after the CDE gives written notice that it is invoking the closure procedures.

SECTION 5: NONDISCRIMINATION

The parties recognize and agree that the School shall not charge tuition, shall be nonsectarian and shall be open to all students regardless of ethnicity, national origin, gender, or disability and those provisions of non-discrimination shall apply as well to employment.

SECTION 6: SEVERABILITY

If any provision or any part of this MOU is for any reason held to be invalid and or unenforceable or contrary to public policy, or statute, the remainder of this MOU shall not be affected thereby and shall remain valid and fully enforceable.

SECTION 7: NON-ASSIGNMENT

No portion of this MOU or the charter petition approved by the SBE may be assigned to another entity without the prior written approval of the SBE.

SECTION 8: WAIVER

A waiver of any provision or term of this MOU must be in writing and signed by both parties. Any such waiver shall not constitute a waiver of any other provision of this MOU. All parties agree that neither party to this MOU waives any of the rights, responsibilities, and privileges established by the Charter Schools Act of 1992.

SECTION 9: NOTIFICATION

All notices, requests, and other communications under this MOU shall be in writing and mailed to the proper addresses as follows:

ATTACHMENT A: Student Achievement Plan Guidelines

I. Overview

A Student Achievement Plan is required to be submitted to the California Department of Education (CDE) if the School fails to meet API growth targets and/or AYP in any year. The Achievement Plan requires the School to establish specific goals and actions the school will take to improve student academic achievement in those areas identified through the API and AYP as not meeting performance criteria. The School will be expected to present an Annual Update to the CDE on the progress made in meeting goals identified in the Achievement Plan. These guidelines make explicit the elements that must be addressed in the Plan for any subject area or criteria in which the School falls short of the target. Data compiled from this Plan and the Annual Update, plus confirming evidence gathered during periodic site visits, will provide the CDE with a clear understanding of whether the School is on track to its charter being renewed.

In addition to API and AYP, the School may incorporate a variety of additional outcome measures to further demonstrate academic achievement and organizational effectiveness. While these various supplemental measures will not carry as much weight as the required measures in making renewal decisions, they may be important in helping the School achieve its academic goals and distinctive qualities in the School's mission as well as highlight those goals and qualities to its greater school community.

II. Required Components of the Student Achievement Plan

For each area in which the School did not meet API targets and/or AYP, the School must submit a plan to the CDE describing specific and concrete actions the School will take in order to improve student achievement over the course of the current school year. The Student Achievement Plan must address, at a minimum, the following elements:

- Methods or system the School uses to examine student achievement data on a regular basis across grade levels, by subject matter, by significant subgroups, and across the School as a whole
- Analysis of the STAR and AYP results that identifies the specific problem in the area(s) not meeting targets and/or criteria
- Specific actions, which follow from the examination of student data, that the School will take to improve student achievement in the area(s) identified as needing improvement, including changes to curriculum, instruction, assessment, governance, and organization

- Professional development plan for teachers and/or other staff that supports the activities the School will implement to improve performance in targeted areas
- Diagnostic assessments that will be used to enable the school to monitor the effects of proposed changes on student performance

The School must submit a draft Student Achievement Plan to the CDE by October 1 if the School did not meet API targets or AYP in the prior year. The CDE will review the draft plan and either approve it as submitted or request changes to it. If changes are required, the final Plan will be due to the CDE by December 1.

Further information regarding the API can be found at: www.cde.ca.gov/ta/ac/ap/index.asp on the CDE website. Information on the AYP, including targets and criteria can be found at: www.cde.ca.gov/ta/ac/ay/index.asp.

ATTACHMENT D: SBE-Approved Charter Oversight Evaluation Form

This form is designed as a tool for evaluation of an All-Charter District (ACD) or Charter School that has been approved by the State Board of Education (SBE) and for which the SBE has direct oversight authority. The purpose of the form is to be reasonably assured that an All-Charter District or Charter School is in compliance with the following categories:

1. **Governance and Organizational Management** - being effectively lead and managed
2. **Educational Performance**- providing a sound education for all of its students.
3. **Fiscal Operations** - being operated prudently and meeting all regulatory requirements
4. **Fulfilling Charter** - implementing the provisions of the Charter as approved by the State Board

Based upon a review of the charter petition, analysis of charter school related data, documents and records as well as observation and interviews at the site, please evaluate each of the areas, and provide findings, recommendations and comments, as needed. If findings apply to a specific school in a district, but not the district as a whole, that should be indicated on this form.

Quality Indicators

A four-point scale will be used to rate each category:

- 4 - **Good**
- 3 - **Satisfactory**
- 2 - **Unsatisfactory**
- 1 - **Poor**

It is important to bear in mind that **assessing levels will always be more of a professional judgment than a technical process**; however the following general guidelines should be consistently applied.

- An evaluation of **good** applies to provision characterized, overall, by strengths. There are very few weaknesses and any that do exist do not diminish the students' experience. Whilst an evaluation of *good* represents a high standard of provision, it is a

standard that should be achievable in all schools. It implies that it is fully appropriate for a school to continue its provision without significant adjustment. However, the school would always be expected to continue to take advantage of opportunities to improve.

- An evaluation of **satisfactory** applies to provision characterized by a number of strengths. There are weaknesses but, singly or collectively, these do not have a significant adverse impact on the student experience. An evaluation of *satisfactory* may be arrived at in a number of circumstances. Provision may make for a productive student experience but it may not provide consistent challenge for students. Typically provision will be characterized by strengths, but one or more weaknesses reduce the overall quality of the student experience.
- An evaluation of **unsatisfactory** applies to provision characterized by weaknesses, which require remedial action by the school. Some, if not all, staff responsible for provision evaluated inadequate require support from senior managers in planning and carrying out the necessary actions to effect improvement. There may be some strengths but these are overshadowed by the impact of the weaknesses.
- An evaluation of **poor** applies when there are major weaknesses in provision, requiring immediate remedial action on the part of the school. The student experience is at risk in significant respects. In almost all cases, staff responsible for provision evaluated *poor* will require support from senior managers in planning and carrying out the necessary actions to effect improvement. This may involve working alongside effective peers in or beyond the school.
