

Neighborhood Place Community Learning Centers

The Neighborhood Place Community Centers provide early childhood development and family support services to teach kindergarten readiness and help family members develop new resources and skills.

Neighborhood Place offers free educational, recreational and social opportunities where the parent and child work together for kindergarten readiness. A wide range of programs and activities are provided to assist children up to five years of age, and their parents, to learn the skills required for adequate school preparation. The two centers are located in the Oildale community.
