This training is intended as a team response refresher program. If your staff has been trained more than one year ago, the Crisis Prevention Institute recommends training to renew and refresh skills. If your staff has changes, and individuals who were initially trained as a team have left or changed assignments, this is a good time to build the group understanding of the current team. Districts are encouraged to send the same group that was trained as a team initially whenever possible.

† There is no cost for the refresher workshop.

† Necessary materials will be provided during the training

† Please wear loose, comfortable clothing like jeans or jogging suits, tennis shoes. No jewelry or long nails.

† Some of the training involves physical activity; participant must be physically fit.

† You will be on your own for lunch.
