Instructional Strategies

This series of staff development events will be presented in different areas of the county. Making these workshops available to teachers in an after-school, "close to home" format minimizes travel and the need for substitute teachers, making it possible for teachers to attend without missing an entire school day. The topics are:

- Classroom Organization and Management for Special Educators
- The Core Curriculum: Making It Work
- Instructional Planning
- Differentiating Instruction for Diverse Learners
- Authentic Assessment
- Project Day (culminating activity)
