

Ahoy Matzeys!!

Join us as we watch for California Grey and Humpback whales off the Santa Barbara coast this spring. This trip will be bigger and better than any whale watch we have gone on before: the boat is bigger (think more stability and less seasickness), babies are welcome, the boat is handicap accessible, the price is reduced, and the trip time extended! The boat even has a lift to get manual wheelchairs into the head. What more could you ask for?
